LAMP STRUCTURE

When there is nothing to hang the lamps from, we can use the structures to distribute them wherever you want. We have cream-colored covers to hide the structure.

With your florist you can do the last touches for the perfect lamp.

Single structure for chandelier or bohemia lamp (50cm).

Round base of 60 cm in diameter with a curved structure about 2.5 mts high.

Metal tree structure. Perfect for using one or more lamps at a time using the same base.

Up to 5 lamps can be put together, each in its individual branch. Mix of 4mts y 3 mts high, base of 100cm x 100cm of 65kg.
